FITNESS FIRST

We were excited to discover UP Move, the latest activity tracker from Jawbone, which not only counts your steps and tracks your sleep habits, but also has a smart coach for guidance. It costs £39.99, a great buy if you are a newcomer to wearable technology. Find it online at eustore.jawbone.com.

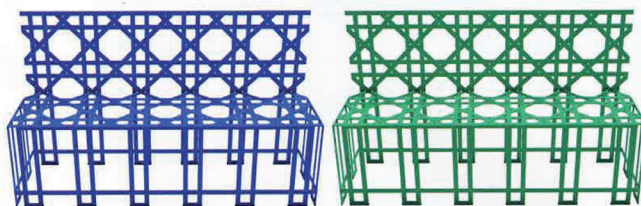

BORN IN THE USA

Famous for its shoe polish in the 1940s, Detroit-based company Shinola has been making beautifully crafted watches, leather goods and journals, such as this paper cover journal, from £6, since 2011. To see an edited selection of its goods, visit its first UK shop at 13 Newburgh Street, London W1F 7RS, shinola.com.

STROKE OF GENIUS

Follow the trend for bold, painterly pattern with the new Aegean cushion collection by Amy Sia, 07450 080384, amy-sia.com. The Australian accessories designer was inspired by her travels to the Caribbean and the Mediterranean, hence the vibrant mix of shades. Handmade in the UK, the cushions have a digitally printed pattern with a cream reverse. Available in two sizes, 45cm sq and 30x50cm, they cost £70 each including a duck feather pad.

SITTING PRETTY

Now that spring is around the corner, it's the perfect time to share our latest garden furniture find. Offering a 21st-century take on an 18th-century classic, the C1715 range, which includes these benches, H88.5x W150xD45.5cm, £1,613/46 each, is made of laser-cut metal that has been folded, welded and woven to look like traditional canework in a large format. Powder coated in a range of colours, the furniture comes with cushions featuring a trompe l'oeil cane motif. 22.22 Edition Design, 0033 1 71 75 99 38, 2222editiondesign.com.
